

**Make the most
of each day**

Beltone Achieve™

**Congratulations on taking
the time to learn more
about how hearing aids can
change your life.**

Hearing loss doesn't have to slow you down or stop you from living life to the fullest. With Beltone Achieve hearing aids, you can go to lunch with family and friends, walk the dog, watch a movie—the possibilities are endless. What are you waiting for? Make the most of each day and start making new memories with Beltone Achieve.

Beltone Achieve hearing aids are designed to provide superior surround sound so you hear more naturally, long battery life, easy connectivity and all-day comfort. Paired with Beltone's signature service, you can expect a life-changing hearing experience that simply can't be matched.

A photograph of three women smiling and talking at an outdoor social gathering at night. The woman on the left has dark curly hair and is wearing a brown top. The woman in the center has white hair and is wearing a blue top. The woman on the right has blonde hair and is wearing a pink top. They are standing in front of a stone wall and some greenery with string lights in the background.

Is Beltone
Achieve

right for you?

Do you have a difficult time understanding words, especially in crowded or noisy situations? Does speech sometimes sound muffled, or do you often find yourself turning up the TV volume? Do you frequently ask the people around you to speak more slowly and clearly? **If you answered yes to any of these questions, you could be experiencing hearing loss.**

SCAN ME

Take our online hearing test or
to schedule a free hearing screening.

And you're not alone. According to the American Speech-Language-Hearing Association, more than half of all American adults report having hearing problems. And while most recognize the important role hearing plays in maintaining an active lifestyle and good health, **only 1 in 10 people experiencing hearing loss seek treatment.**

Ask your hearing care provider about **financing and leasing options** available to you.

Hear more with surround sound

While most traditional hearing aids are limited to focusing on sounds directly in front of you, Beltone Achieve hearing aids use surround sound to help you hear what's happening in front of, behind, next to, above and below you. This breakthrough feature not only provides a more natural hearing experience, but also improves your situational awareness.

Now you can take part in conversations in noisy settings or hear your dog settling in for a nap at your feet. You'll even be able to hear when something or someone is approaching out of your sightline, such as a car or a person.

Stay confident and tuned in to what's happening around you. Beltone Achieve makes it easier than ever to make the most of each day.

Experience
more of

what life has to offer

**Created to fit you
and your lifestyle**

Beltone Achieve hearing aids are weatherproof and sweatproof, making them the perfect choice for any lifestyle. Enjoy the weather, rain or shine, and focus on having fun instead of worrying about your hearing aids.

Stay connected where ever you are

Beltone Achieve hearing aids make it easy to connect to your favorite wireless devices. Stream audio directly from your smartphone or tablet, or take phone and video calls with the push of a button.*

**Hands-free calls are available on compatible iOS devices.*

All-day wear without disruption

With Beltone Achieve, you'll never have to worry about disruptions during your day because of a dead battery. Beltone Achieve gets up to 30 hours of battery life on a single charge*, which means these hearing aids are always ready to take on the day with you.

**Up to 25 hours of battery life with streaming.
Also available using a traditional battery.*

You're in control

Learn more about the
Beltone HearMax app

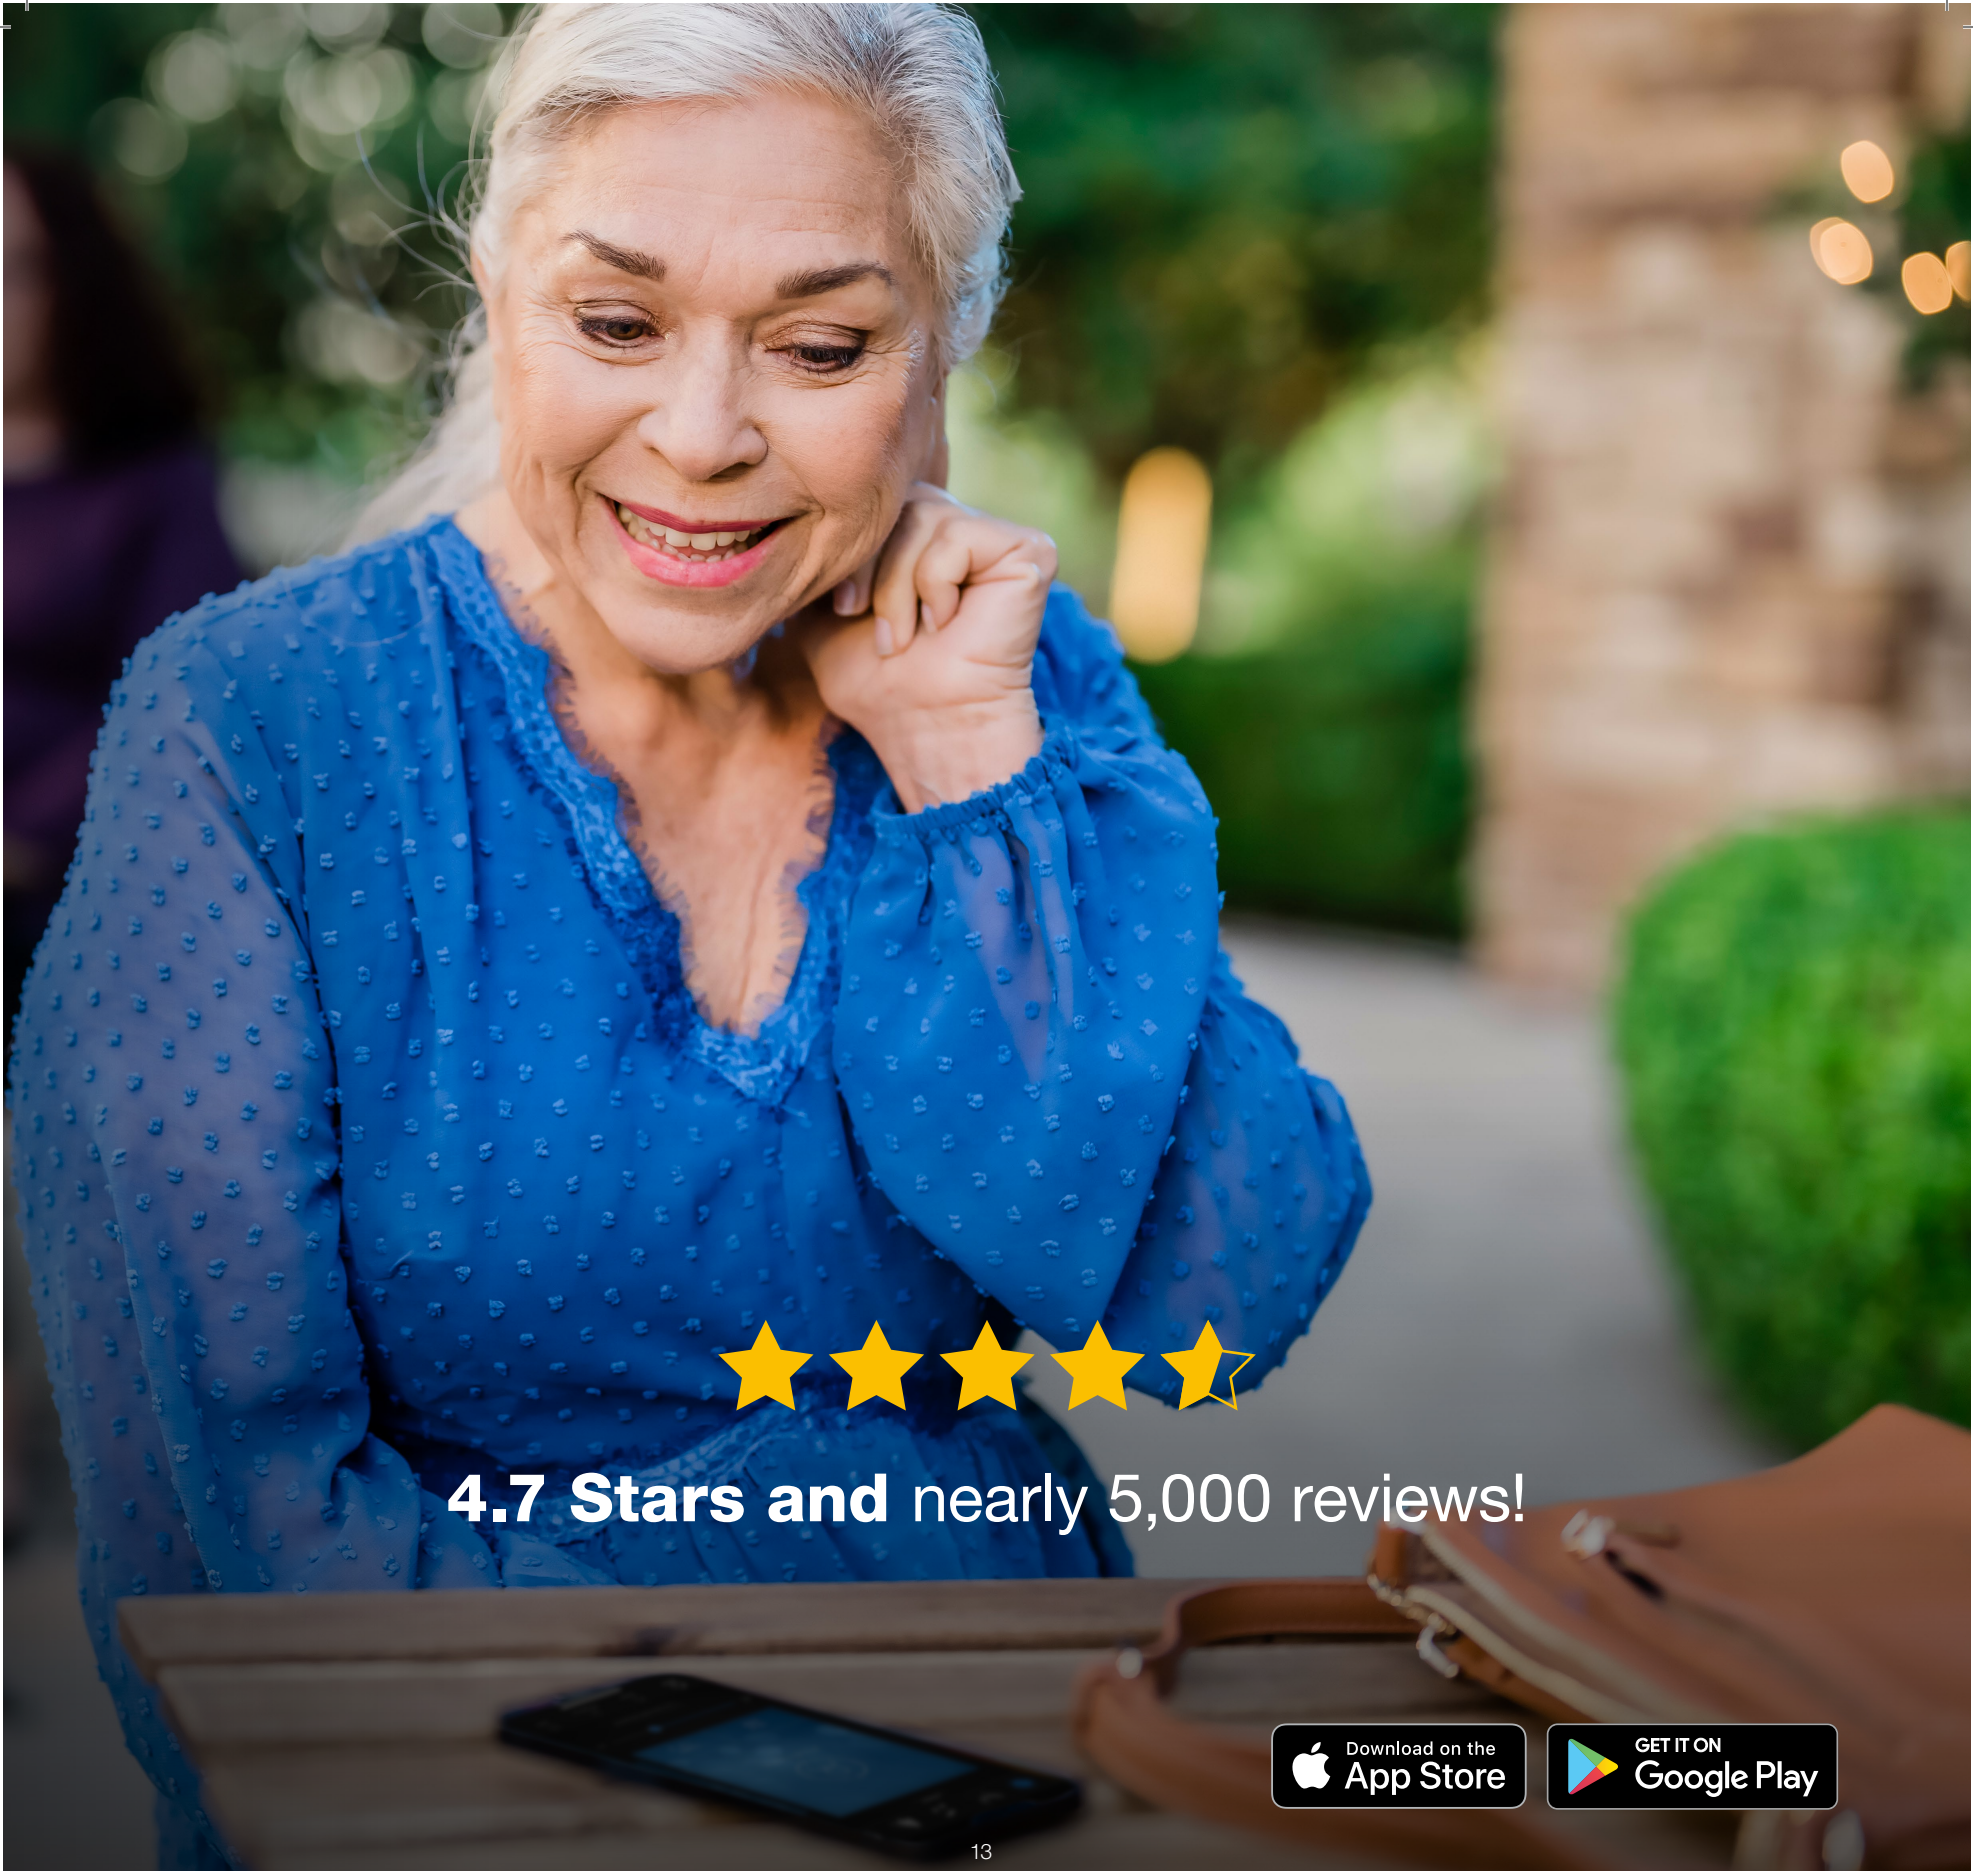

SCAN ME

Download Beltone's HearMax app to your smartphone to take control of your hearing aids. You can discreetly make changes, adjust settings and even use the Find My Hearing Aids feature to locate your hearing aids when they're not where you left them.

With the HearMax app, you can easily:

- Find My Hearing Aids
- Check My Fit
- Control volume
- Switch programs
- Adjust noise reduction
- Focus your hearing aids on specific people
- Remote Care Live, virtual patient care

4.7 Stars and nearly 5,000 reviews!

Beltone **elevates** your hearing experience

Beltone has all the tools you need for a successful journey to better hearing.

First, learn how to get an accurate and comfortable fit with Check My Fit in the Beltone HearMax app.

Step 1: Install the HearMax app

Step 2: Take a reference picture with your hearing care provider

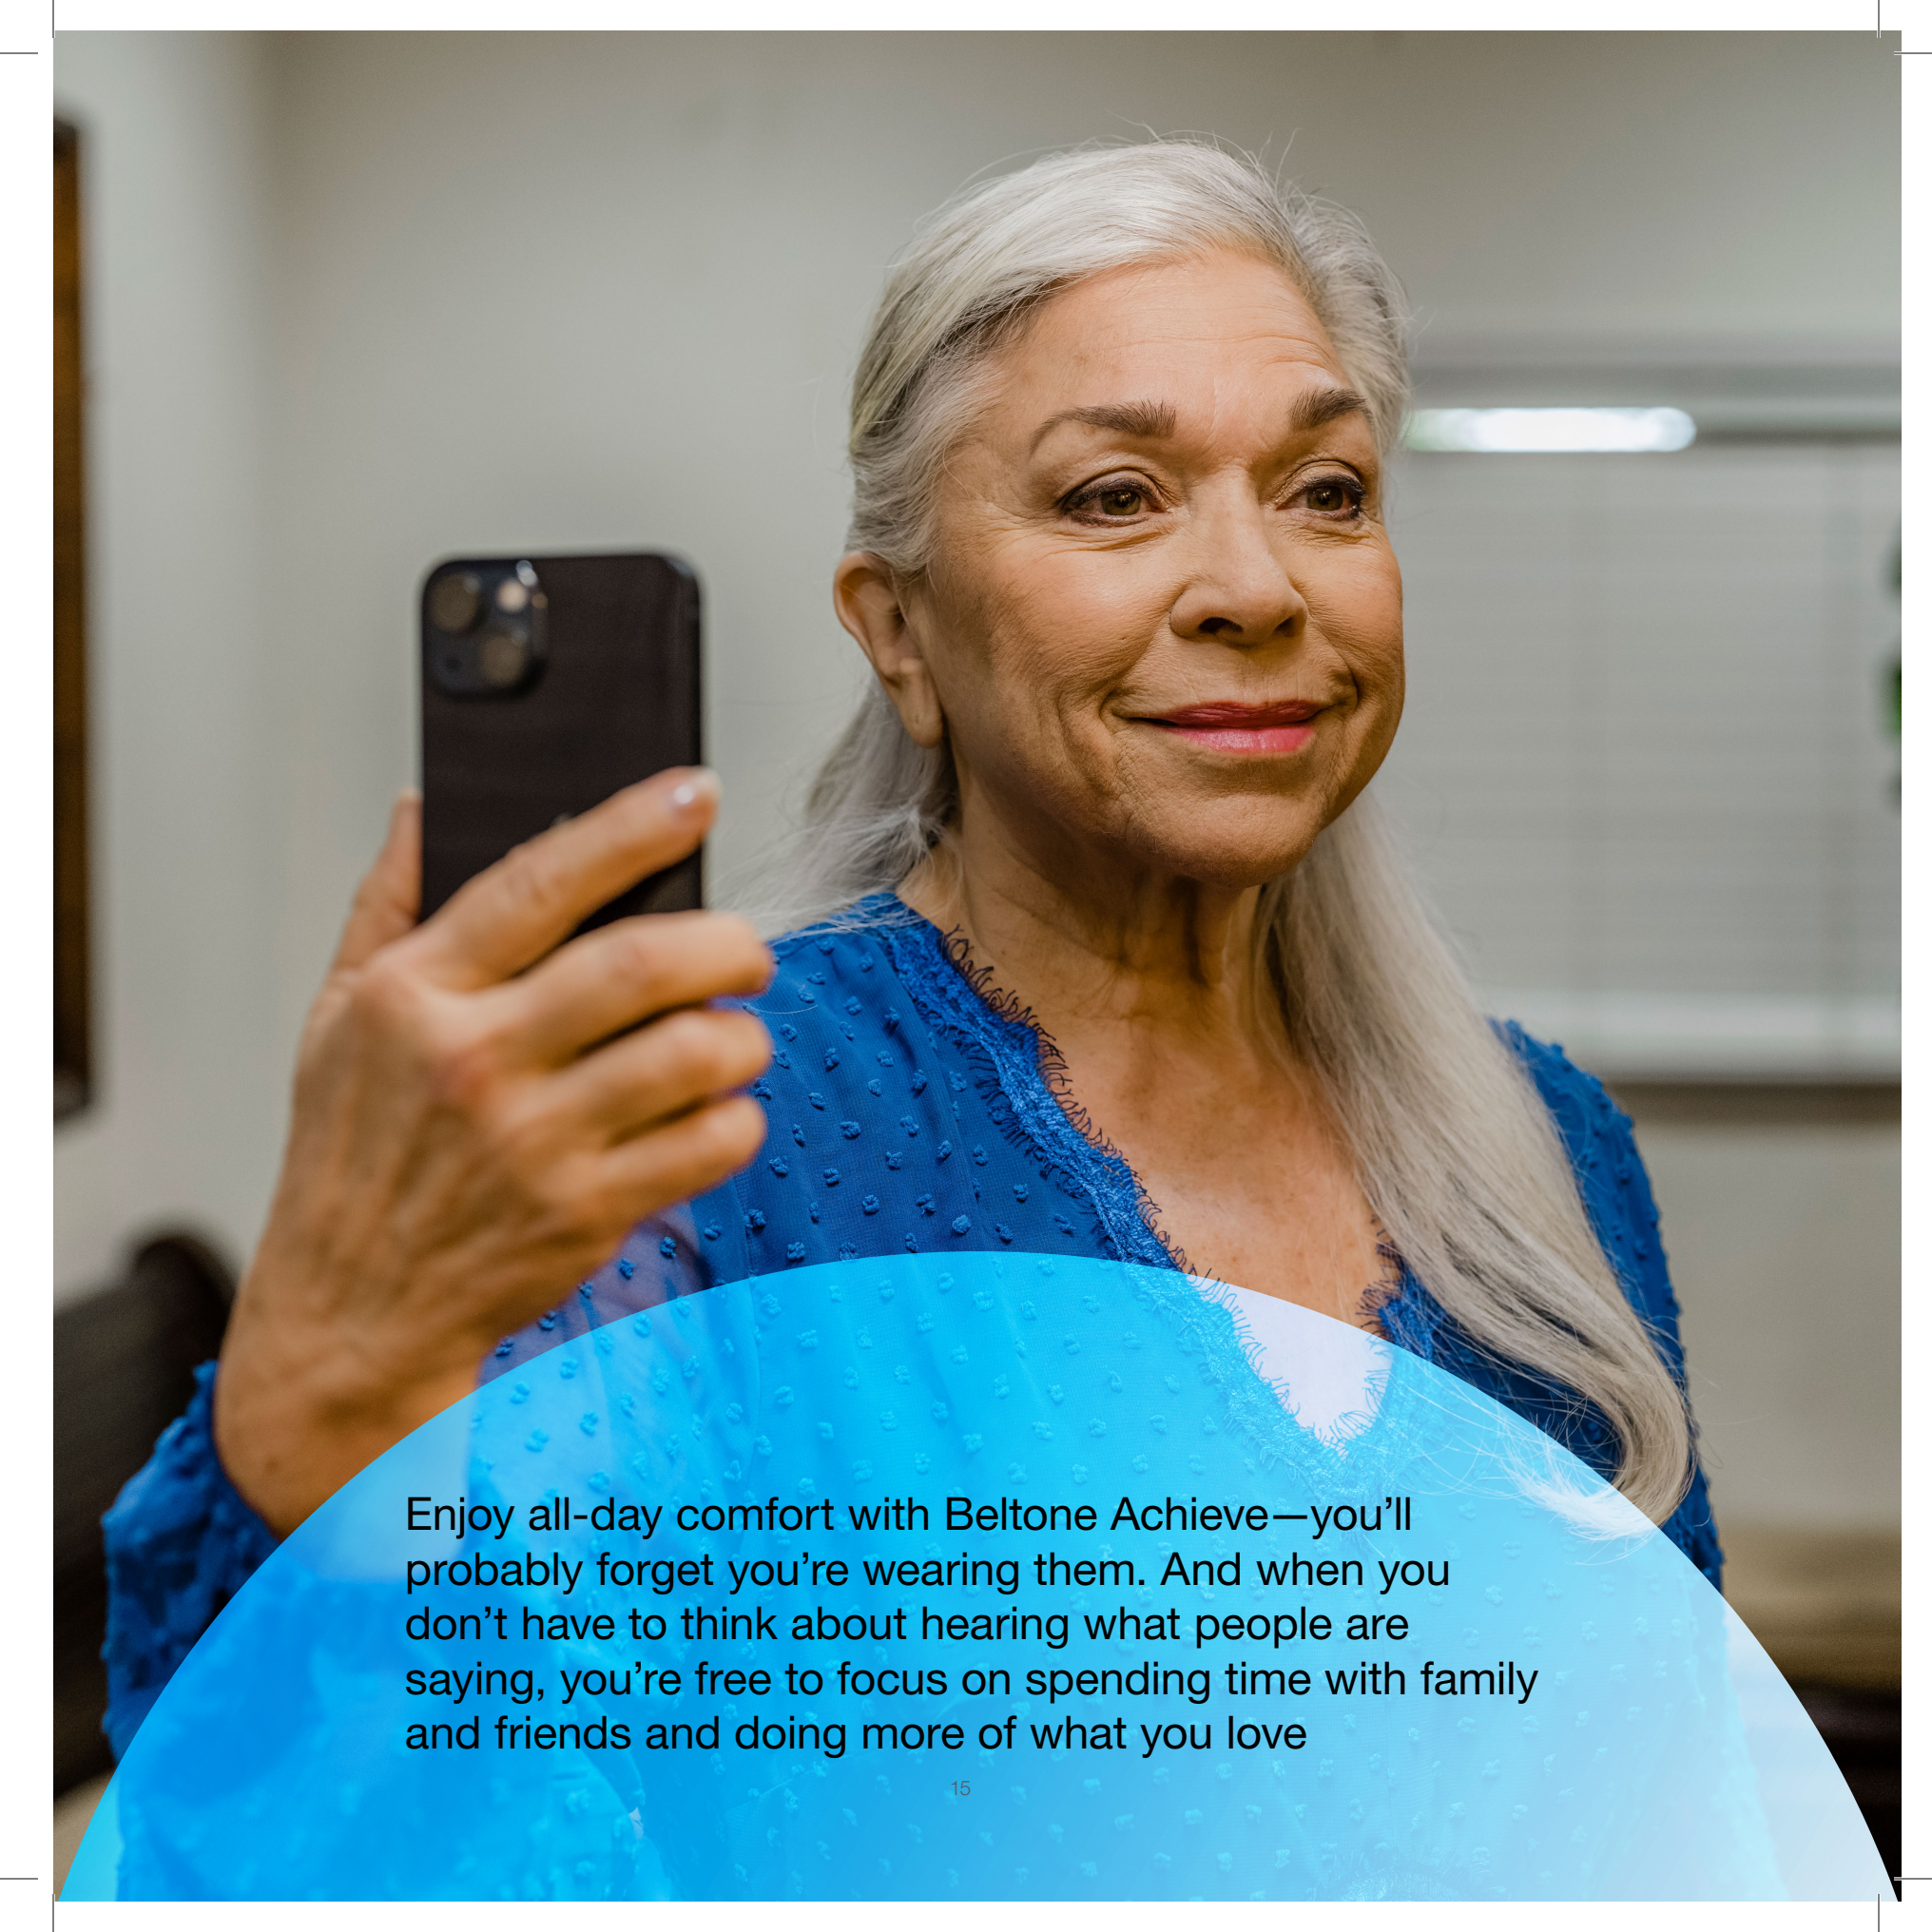

Step 3: Take a follow-up picture the next time you wear your hearing aids

Step 4: Compare them side by side

Get a Great Start

Next, take part in Beltone's Great Start program to get familiar with your new hearing aids and discover all they have to offer*.

- Easy, step-by-step orientation program
- Each session explains an aspect of using your hearing aids
- Video tips offer what you need to get comfortable using your new hearing aids

Enjoy all-day comfort with Beltone Achieve—you'll probably forget you're wearing them. And when you don't have to think about hearing what people are saying, you're free to focus on spending time with family and friends and doing more of what you love

Belcare

Your hearing aids are protected

Your hearing aids represent a long-term investment in your health. When you choose Beltone as your hearing care partner, know that we are committed to protecting your investment.

With Belcare, you get:

- Free, one-time replacement of lost, stolen or damaged hearing aids in the first year you own them*
- Complimentary annual hearing screenings
- Free hearing aid inspections and cleanings
- Care at any of Beltone's 1,500+ hearing care centers across North America
- Receive more powerful hearing aids at no cost to you if you experience measurable, worsening hearing loss within the first two years after purchase

You can be confident that your hearing aids are protected. Visit any Beltone office or call our patient care phone line to get the care you need.

*Deductible required. Extended coverage options available through your Beltone provider. Available with private pay purchases only. Hearing aids purchased through insurance and discount programs may come with pre-negotiated services plans. See your Beltone hearing care professional for more details.

Why Beltone

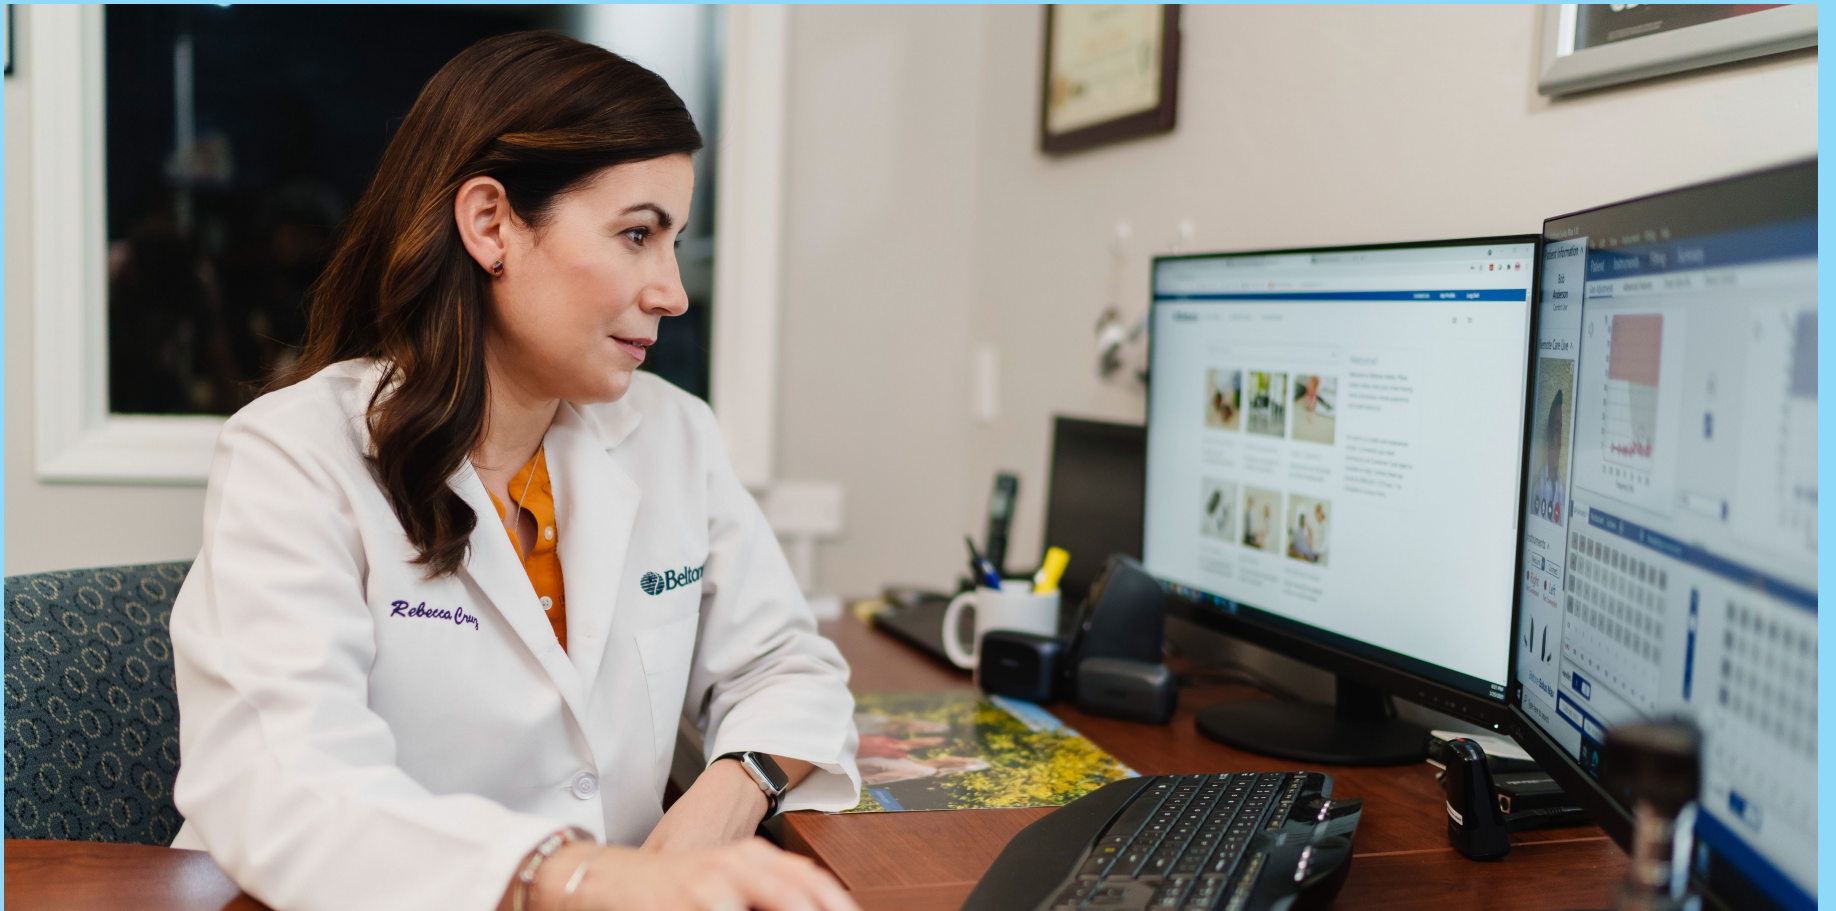

Beltone is committed to providing the highest standard of care as you embark on your hearing health journey. In addition to our commitment to providing life-changing hearing aids and accessories, **when you work with a Beltone hearing care professional, you also get the benefit of:**

- More than 80 years of patient-led service that drives everything we do
- In person care at any of the 1,500 Beltone locations across the nation
- Remote care—anytime, anywhere—using Remote Care Live on the HearMax app
- Award winning technology, apps, and customer service

NAMED BEST HEARING CARE RETAILER

The Beltone difference is in more than our hearing aids—it's in how we serve you, and our 30,000 5-star reviews show it.

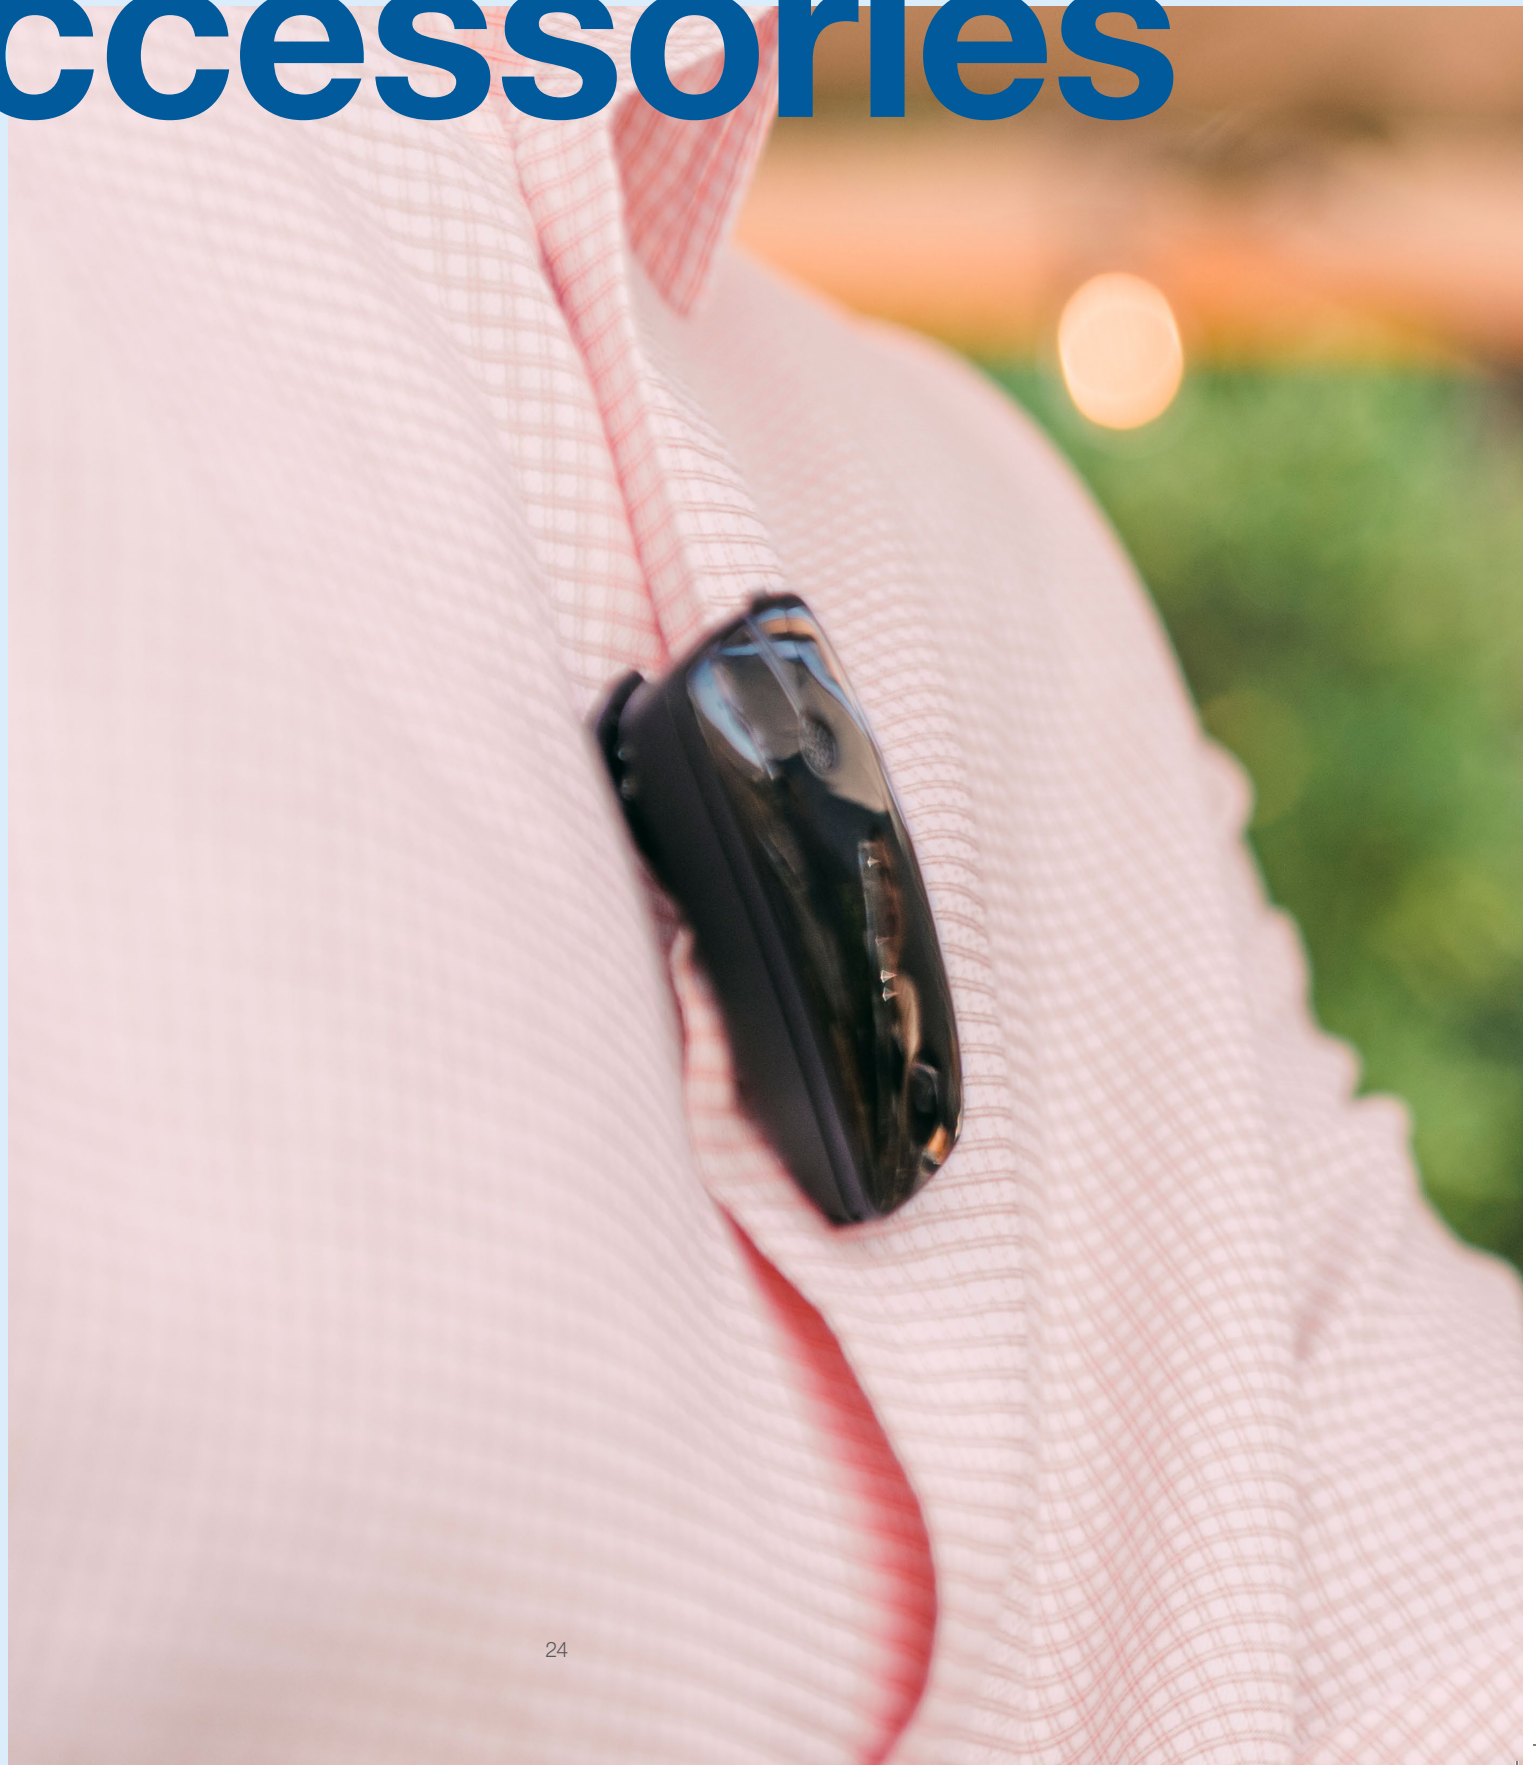

“The receptionist is friendly, attentive and professional. I left Beltone in tears. I’ve been without hearing aids for over a year. My life has been miserable. The doctor did my hearing test, confirmed what I already knew and helped me get my life back in less than an hour. Five Stars isn’t enough. Thank you Beltone in Crestview FL”

Linda B
Crestview, FL

“John took the time to explain the hearing aid process to me and informed me about my deficiencies. The test along with the set up got my hearing back to what it was 10 years ago. He left the door open for future adjustments as necessary as my needs change. I am totally satisfied with my new life changing devices.”

Accessories

TV Link 2

The perfect way to sit down and watch the news, tune into a show or enjoy a movie without cranking up the volume. You can also stream videos and listen to podcasts, music and audiobooks from your laptop, tablet or phone.

Remote Control 2

Don't have a compatible mobile phone that allows you to use our HearMax app? Not a problem. With the Remote Control 2, you can control and monitor the status of your hearing aids from the palm of your hand. Use the buttons to adjust volume, switch programs and stream sound from your TV or laptop.

Remote Control

Designed for ease of use and those who may struggle with small buttons, the Remote Control offers large, push-button controls for your hearing aids. Simply use the buttons to adjust the volume and switch to different programs to quickly and easily adapt your hearing aids to the situation.

Phone Link 2

Stream phone calls and audio straight to your hearing aids from any Bluetooth-enabled mobile phone or smartphone. So you – and the person you're talking to – can enjoy comfortable conversations, even if one of you is located in a noisy environment.

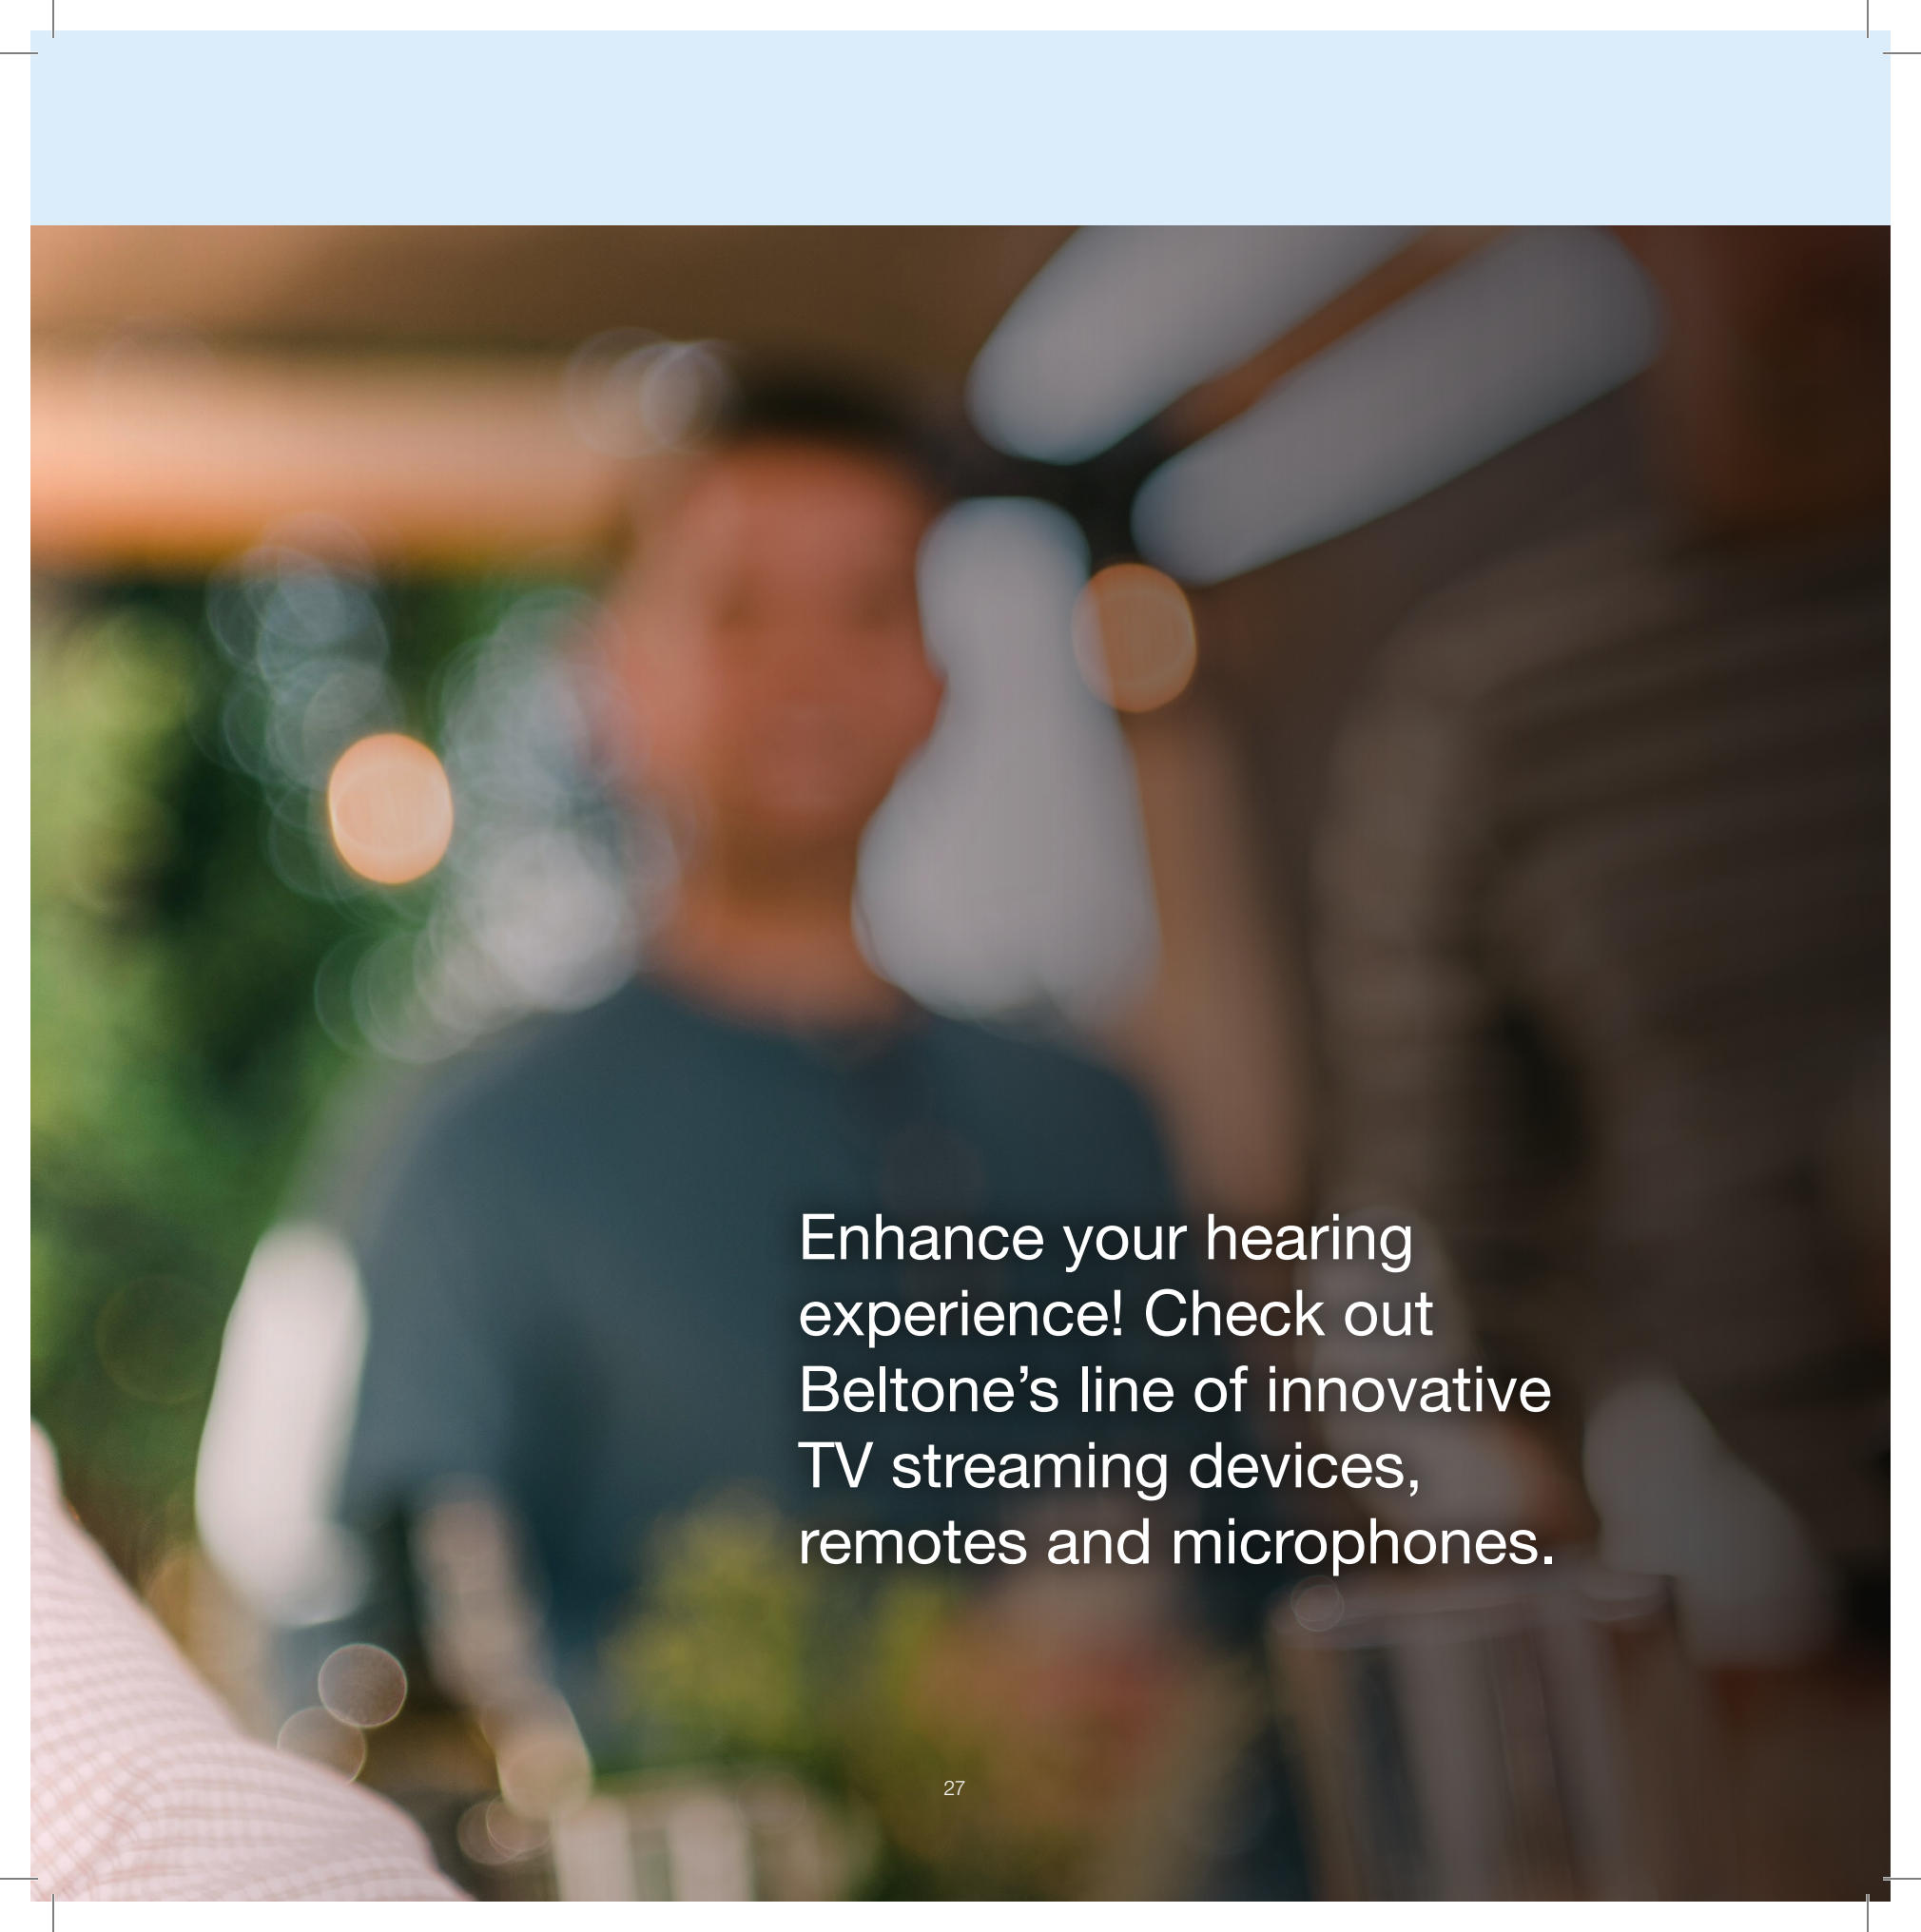

MyPAL Micro

Now you can extend your hearing into the next room with the MyPAL Micro, a portable microphone that companions can wear to help improve communication. It captures their voice clearly, even in noisy environments, and streams it directly into your hearing aids.

MyPAL Pro

In addition to all of the benefits that the MyPal Micro offers, MyPAL Pro gives you a clever table mic functionality. Simply place it on the table and it picks up the voices of whoever is speaking. Perfect for dinners with friends and family, business meetings, sports events and other group gatherings. All you need is a clear line of sight to the device.

Enhance your hearing experience! Check out Beltone's line of innovative TV streaming devices, remotes and microphones.

Chargers

Premium charger:

Recharge hearing aids up to three times whether or not you have access to an electrical outlet!
